## **Audit Committee Report**

Presented by Don Johnson.

### **Authorize Amendment to the Lease and Operating Agreement with Monroe County to Add Parcel Located at 545 Ballantyne Road**

Administrative Director Susan L. Walsh presented the amendment. It was noted that the Authority will fund the purchase of approximately twenty-six acres to offset any past and future wetland mitigation. It was noted that the cost to purchase this property and convert it into wetlands was significantly lower than purchasing already developed or existing wetlands. Moved by Member Johnson and seconded by Member Keith. The motion passed unanimously 5-0.

### **Approve and Adopt Change in Employee Parking Rate at the Greater Rochester International Airport**

Administrative Director Susan L. Walsh presented the resolution. It was noted that the Authority has not raised the employee parking rate since approximately 2006. Moved by Member Keith and seconded by Member Johnson. The motion passed unanimously 5-0.

A special commendation was given by Chairman Vazzana to the Director and her staff for the hard work and results of the video.

Administrative Director Susan L. Walsh, Esq. also presented the new monthly newsletter developed by Assistant Director Andrew Moore which will be used to enhance communication with stakeholders at the Airport. It will feature upcoming events and provide status updates on various projects.

### **Traffic Report**

Senior Management Analyst, David Haas presented the report. There was noted a slight decrease in enplanements over the same period as last year. It was also noted that Syracuse and Albany reported decreases greater than Rochester, and Buffalo's decrease was less than Rochester. It was explained that the decline in scheduled airline departures

is primarily attributable to the loss of a JetBlue Orlando nonstop last fall, coupled with the loss of two USAirways commuter flights between Buffalo, Rochester, and Hartford six days a week.

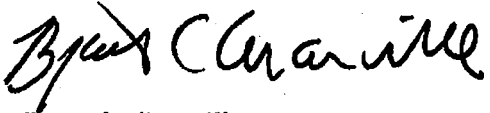

**Other Business**

An update was provided by the Administrative Director as to the progress and work on the Southwest Airlines/AirTran merger and how it might impact the Greater Rochester International Airport.

The June 30, 2011 balance sheet was reviewed noting that as of July 1, 2011 a \$1.5 million dollar transfer was wired to the trustee for debt and that 6 million is required to be held. A liability exists for the amount due to the County for June O&M and debt service in the amount of \$3.6 million. It was noted due to County debt service that this sum was greater than the usual monthly reimbursement being paid. Cash and bank accounts were reviewed and Chairman Iacovangelo asked whether individual accounts were held or a trust.

Under revenue/expenses it was noted that in comparison to 2010, there was a 5% increase in revenue due largely to Continental Airlines being a non-signatory.

Moved by Member Keith and seconded by Member Iacovangelo without discussion. The motion passed 5-0.

**Authorize a contract with Leibowitz & Horton Airport Management Consultants, Inc. to provide consultant services relating to the negotiation of a car rental concession contract for the Monroe County Airport Authority**

Director Walsh presented this contract to allow for Leibowitz & Horton to assist in drafting the Request for Proposals and subsequent negotiations and drafting of a contract for car rental concessions. The RFP received 6 responses and Leibowitz was selected based upon their qualifications. Chairman Vazzana asked if there was a substantial increase in the cost of the proposed contract and the prior contract with Leibowitz. Member Lightfoot inquired as to how the selection committee is designated and wondered if it would be possible to obtain a list of the selection committee members in the future. The contract was moved by Member Iacovangelo and seconded by Member Keith. The motion passed 5-0.

**Authorize a contract with BLX Group LLC to provide arbitrage rebate compliance services for the Monroe County Airport Authority**

**Director's Report**

Director Walsh reported on the great success of the Airshow including record crowds. Proceeds from the event benefited Honor Flight Rochester and Wounded Warrior Aviation. A representative from Airtran did attend; invitations were extended to all the major airline carriers in the Airport. The Airshow showcased a great collaboration with other members of the community to come together for one event. There were some heat related issues reported and the Airport handled it well by activating the Airport Emergency Operations Center (AEOC). There will be a ribbon cutting service at the AEOC center on July 26<sup>th</sup> at 10:00 a.m.

The Airport's 5K run/walk event was also a success with over 600 people involved and about \$25,000 raised which benefited Lifetime Assistance of Rochester.

In the next eighteen months three major revenue contracts will be up for renewal including car rentals, parking and the airline use and lease agreement. Consultants will be hired to help with the negotiations and drafting.

A mandatory webinar will need to be conducted for all members of the Authority. The webinar is three hours and dates and times are forthcoming.

Chairman Vazzana made a comment of how well the Airshow promoted economic growth and interaction with the community, noting one of the largest employers in the area had representatives present and attending.

**Traffic Report**

Senior Management Analyst David Haas presented the report. There was noted approximately a 3% decrease in enplanements from 2010 versus 2011 through June 30th. This is largely due to Jet Blue decreasing its number of flights from six to four, Continental using smaller planes and USAirways not offering certain trips. Airtran however did show an increase of about 4% in enplanements. Although the numbers are not in, July and August are typically the busiest times for the airport. It was noted the Thruway airports were all down in enplanements through May. Syracuse had a 6% increase in May which was due to a sporting event in the area. Furthermore, large equipment is used more frequently during the summer leading to higher landing weights being recorded for June, July and August.

**Other Business**

Member Lightfoot asked as to whether there was a formal attendance policy for the members as to what is considered an excused as opposed to an unexcused absence. Director Walsh deferred to the Law Department to reply to this question. Secretary VanVarick is to respond to the Board.

Respectfully Submitted,

Treasurer Adair and Assistant Treasurer Veltre have been reviewing and updating the risk assessment to ensure it is complete and accurate. The plan for audits for 2012 will be similar to 2011 plus some additional audits previously discussed by this Committee. The meeting with the internal auditors will be open to Committee members. Treasurer Adair confirmed the contract with the Internal Auditors has been executed.

#### **2012 MCAA Budget**

Assistant Treasurer Veltre spoke on the upcoming 2012 budget. In particular it was noted that there is a decrease in expense of about \$285,000 from last year, which is due in part to a reduction in debt service. There were some increases in the professional services lines due to a projected expense for legal and financial consultant services needed for negotiation of the new Air Lease and Rental Agreements with the airlines.

Chairman Iacovangelo asked questions concerning the debt. Assistant Treasurer Veltre noted that the debt was the result of capital projects related to the airport which were included in the County's six year capital improvement plan. Treasurer Adair noted that the debt associated with a prior

capital project was extinguished in 2011 resulting in a reduced debt amount for the 2012 budget. Chairman Iacovangelo asked if the budget line for amortization costs was a non-cash item. Assistant Treasurer Veltre stated that they are a non-cash item. It was noted the County budget portion is an estimate at this point because the County budget has not been approved to date.

#### **2012 MCAA Renewal and Replacement Budget**

Assistant Treasurer Veltre presented the 2012 MCAA Renewal and Replacement Budget. The revenue portion of the Renewal and Replacement Budget is completely funded by the signatory airline agreements.

Chairman Iacovangelo asked as to whether the 2012 renewal and replacement budget was in line with the County books. Assistant Treasurer Veltre stated they are in line with the appropriate capital projects.

#### **Budget to Actual Report at August 31, 2011**

Assistant Treasurer Veltre presented the August 31, 2011 budget to actual report. This report has been provided at the request of Chairman Iacovangelo. The report shows that the 2011 budget was appropriate as actual expenses are within those budget projections. The report shows a potential surplus of approximately \$1 million as of the report date. Member Johnson asked whether this report will be regularly presented to the Audit Committee and Treasurer Adair confirmed it would.

#### **Review of Financials at August 31, 2011**

Assistant Treasurer Veltre presented the August 31, 2011 financial statements. As part of this discussion several items were reviewed and discussed by the Audit Committee. Of note, the Authority is seeing approximately \$1 million in revenue from Continental Airlines based on their non-signatory status. Chairman Iacovangelo cautioned the Committee of this revenue not reoccurring due to Airline mergers. Discussion of the construction project regarding installation of solar panels on the terminal prompted a question from Chairman Iacovangelo as to whether we can get an effectiveness report. Director Walsh stated she would look into the matter.

#### **Director's Litigation Update**

Administrative Director, Susan L. Walsh noted no new litigation since the last meeting.

#### **Ethics Hotline Update**

Presented by Member Iacovangelo.

**Approval and Adoption of the 2012 MCAA Operating Budget**

Presented by Member Iacovangelo. Specifically, Member Iacovangelo noted the increase in professional services contract for 2012, due in large part to a contract for services relating to legal and financial consulting for the upcoming Air Lease and Rental Agreements. Member Iacovangelo further noted the increase in County Operation and Maintenance is at 1.7%, less than the inflation rate and this included an increase of retirement benefits. Member Iacovangelo stated overall there is a decrease in the budget as compared to 2011 and recommended approval. A motion to approve the Operating Budget was moved by Member Keith and seconded by Member Johnson. The motion passed 5-0.

**Approval and Adoption of the 2012 MCAA Renewal and Replacement Budgets**

Member Iacovangelo presented the Budgets of approximately three (3) million dollars. A motion to approve was made by Member Johnson and seconded by Member Keith. The motion passed 5-0.

**Authorize Contracts for Car Rental Concessions at the Greater Rochester International Airport**

Director Walsh reported the current five-year agreements will expire at the end of September 2011. A Request for Proposals was done and seven responses were submitted. Of the seven, six were selected. Director Walsh noted the concession fee will be the greater of either a minimum annual guarantee or a 10% the concessionaire's annual gross revenue. The term of the contracts are two-years commencing October 1, 2011 and expiring September 30, 2013 with the options to renew for two (2) successive one (1) year terms at the sole discretion of the Authority. Chairman Vazzana asked what the seventh bid was and Director Walsh replied it was from Alamo and was rejected as it was the lowest of the seven. Chairman Vazzana also noted an increase in the rent to \$75.00 per square foot. A motion to approve the contracts for car rental concession was moved by Member Iacovangelo and seconded by Member Keith. The motion passed 5-0.

**Authorize Contract with Lovell Consulting, LLC to provide Consultant Services Relating to Air Service Development for the Monroe County Airport Authority at the Greater Rochester International Airport**

Director Walsh presented the resolution seeking approval to award a contract for air service development with Lovell Consulting, LLC. Director Walsh noted a Request for Proposals was conducted and six responses were obtained. Lovell Consulting, LLC was selected as the most qualified. The contract term is one year for an amount not to exceed \$25,000 with the option to extend the contract for two additional one-year terms. Chairman Vazzana asked if the Airport has previously worked with Lovell Consulting, LLC; Director Walsh stated a recent contract of under \$5,000 was done and despite the company's location in Dallas, communication was open and helpful. A motion to approve was made by Iacovangelo and seconded by Member Keith. The motion passed 5-0.

**Authorize Expenditure in an Amount Not to Exceed \$1,000 for a Bronze Sponsorship of the Fall New York Aviation managers Association (NYAMA) Conference**

Director Walsh requested the yearly contribution be approved. Member Johnson questioned if this contribution was above and beyond the standard membership fee, which Director Walsh stated it was. Chairman Vazzana asked if this was the same amount contributed in prior years. Director Walsh stated it was and further noted last year Rochester hosted the conference. A motion to approve was made by Member Johnson and seconded by Member Keith. The motion passed 5-0.

**Director's Report**

Director Walsh reported on her recent trip to Dallas to meet with the Executives of Southwest Airlines. Director Walsh also discussed a mid-year review conducted with Property Managers from the signatory Airlines in August to update them as to current expenses and revenues, as well as ongoing projects and cost control initiatives. Director Walsh noted there has been no rate change and she is hopeful to enhance communications with the air partners. Director Walsh further noted major construction was completed on the intersection of the two major runways during the week of September 12<sup>th</sup> without affecting air travel.

**Traffic Report**

Senior Management Analyst David Haas presented the report. There was approximately a 4% decrease in enplanements when comparing year-to-date traffic for 2010 and 2011, as of August 31<sup>st</sup>. This is largely due 57 cancellations occurring in the last weekend of the month as a result of Hurricane Irene. It was noted the Thruway airports were all down in enplanements through August, again due in large part to recent weather events.

**Other Business**

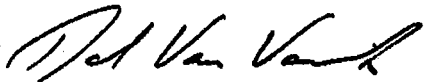

Chairman Vazzana noted he recently received a call concerning the cancellation of the 6 am Jet Blue flight from Rochester to JFK. Chairman Vazzana stated there has been a request to help reinstate this flight as several regular commuters rely on its service. Director Walsh stated she has spoken with Jet Blue executives concerning this report. Member Iacovangelo and Chairman Vazzana further praised Director Walsh and her team for their efforts to continue to provide the best service to the Rochester area despite the current economic times and other challenges presented.

Chairman Vazzana further asked Secretary VanVarick to comment on the question raised by Member Lightfoot concerning absences of Board members. Secretary VanVarick responded that absences are deemed excused when the member has called or otherwise communicated in advance of the meeting that they have a conflict; members who fail to appear to the scheduled meetings without prior notice are deemed absent.

Meeting was adjourned @ 12:40 p.m.

A motion to approve the 2012 rates and charges was moved by Member Iacovangelo and seconded by Member Keith. The motion passed 4-0.

**Authorize Use of Appropriation from the Surplus Fund for the 2011 General Obligation Debt Payment relating to the Parking Garage Addition**

A motion to authorize the appropriation was moved by Member Lightfoot and seconded by Member Iacovangelo. The motion passed 4-0.

**Approval and Adoption of Change in Parking rates at the Greater Rochester International Airport**

Director Walsh reported an increase in the daily maximum rate for the Ramp Garage and Valet Parking of \$1.00.. Director Walsh reported this increase should generate \$360,000 in additional revenue next year. Chairman Vazzana asked if this increase was proposed to the airlines. Director Walsh reported the airlines were receptive of the increase and further noted the anticipated revenue would be immediate. Member Lightfoot asked how our rates compared to other Thruway airports. Chairman Vazzana reported it was his understanding Rochester would be higher than the other Thruway airports but less than airports south of Albany. Member Lightfoot further asked if any research had been conducted to see if the economy could tolerate this increase. Director Walsh reported that there are several parking options available at the airport and this increase only applied to two of those. Director Walsh further reported on the airport website is a calculator for passengers to use to see the various parking costs and Director Walsh reiterated that this increase did not affect long term lots. Member Lightfoot asked if there is the potential for increases in these other lots. Director Walsh reported she is hoping to eliminate the increases but that it could occur. Chairman Vazzana spoke about his experience with similar parking rate increases and the minimal effects it has had. A motion to approve the change in parking rates was made by Member Iacovangelo and seconded by Member Keith. The motion passed 4-0.

**Authorize a License and Use Agreement between SNORAC, LLC d/b/a Alamo Rent A Car and the Monroe County Airport Authority for an Operation of an Off Airport Car Rental Concession at the Greater Rochester International Airport**

Director Walsh reported that in August 2011 an RFP was conducted regarding the on site car rental concessions and that six out of the seven responders were awarded counters. Director Walsh reported Alamo was the seventh responder and therefore is now looking to do business off site. Director Walsh reported that the agreement provided for 3% of gross profits to be provided to the Airport. Director Walsh reported this is substantially below the industry standard which is about 10%. Member Keith asked if Alamo will have any onsite presence. Director Walsh reported this would be offsite only. Member Lightfoot asked who were the principals of SNORAC, LLC. Director Walsh reported they are a national company. A motion to authorize the agreement was moved by Member Iacovangelo and seconded by Member Keith. The motion passed 4-0.

**Authorize Amendment to Concession Agreement between Premier Billboards of Rochester, N.Y. Inc. and the Monroe County Airport Authority**

Director Walsh reported that this was to exercise an extension of the original contract and an option to add a third billboard operated by Premier. Director Walsh reported Premier is asking for the five year extension due to the capital investment Premier is making in erecting the new billboard. Director Walsh reported the additional billboard should generate upwards of \$13,000 in revenue for the

airport. Chairman Vazzana asked where this billboard would be located. Director Walsh reported it would be near the southbound entrance of Interstate 390. Chairman Vazzana asked if Premier was up to date on their payments as well. Director Walsh reported they were. Member Iacovangelo asked if the airport would eventually own the billboard. Director Walsh confirmed the presence of the reversion clause in the lease. Member Lightfoot asked if there was any oversight as to the content of the billboard. Director Walsh reported she has approval rights over the content. A motion to authorize the amendment was moved by Member Keith and seconded by Member Lightfoot. The motion passed 4-0.

**Authorize Amendment to Lease Agreement with Bell Atlantic Mobile of Rochester, L.P. d/b/a Verizon Wireless, Successor in Interest to Rochester Telephone Mobile Communications at the Greater Rochester International Airport**

Director Walsh reported this was in regards to a cell tower on airport property that allowed for a five year extension thru 2016 with renewal options. Director Walsh further reported there was an increase in rent and adjustments of 3% annum for revenue. A motion to authorize the amendment was moved by Member Iacovangelo and seconded by Member Keith. The motion passed 4-0.

**Authorize Sublease between United States Postal Service and Westover Car Rental, LLC d/b/a Thrifty Car Rental for premises located at 1135 Brooks Avenue**

Director Walsh reported Thrifty is new to the Airport and currently has no place to ready their cars for rental. This sublease would allow for Thrifty to prepare their cars at the post office facility which has been vacant since August 2007. Director Walsh reported there is no agreement in place as of yet, rather negotiations are ongoing. Chairman Vazzana asked if the post office is current on all payments and what the current rent is. Director Walsh reported they are current and rent is \$18,414/year. Member Iacovangelo asked how large this area was and if it was a land lease. Director Walsh reported it is and includes a large building. A motion to approve the authorization was moved by Member Iacovangelo and seconded by Member Keith. The motion passed 4-0.

**Traffic Report**

Mr. Haas reported that the traffic report was updated through October 2011. Mr. Haas reported enplanements were down 4.8% year to date from 2010. Mr. Haas reported all Thruway airports were down at this point largely due to the economy. Mr. Haas reported there was a slight decrease in load factor of 2% from October 2010 and a decrease of 6.2% in landing weights as compared to October 2010. Chairman Vazzana asked if there was any update concerning the potential cancellation of an early morning Jet Blue flight to NYC. Mr. Haas reported the flight was being operated on certain days of the week only. Chairman Vazzana further asked if there would be any effect on the bankruptcy filing of American Airlines. Mr. Haas stated there has been no decrease in service and further that American Eagle operates out of the airport. Mr. Haas reported American is current on payments and there has been no impact on the American Eagle flights. Member Iacovangelo commented regarding prior discussions on this matter. Chairman Vazzana further asked if there was any loss when USAir filed for bankruptcy. Ms. Veltre reported there was not.

**Directors Report**

Director Walsh reported the Monroe County budget had passed the night before. Director Walsh reported she was in NYC for the FAA meetings in November 2011 in hopes of gaining additional prospects for projects in the future. Director Walsh reported this is the primary federal funding source for the airport. Director Walsh reported the airport is working on its master plan at the moment. Director Walsh provided an update on a lawsuit with Flower City Café including a response by the County to the claim and a counterclaim for unpaid fees to the airport of about \$17,000 from 2008.

Member Iacovangelo asked about a lawsuit in 2007 regarding a fuel spill at the fuel farm and a recent report in the newspaper. In regards to that matter, Director Walsh stated the airport paid for the cleanup and is now seeking reimbursement. The recent action by the State Attorney General was to add additional parties to the lawsuit, not to file a new lawsuit. Member Lightfoot asked which fuel farm this occurred at. Secretary VanVarick reported this particular fuel farm is no longer active.

#### **Annual Board Evaluation**

Ms. Stowe instructed board members that included in their paperwork was an evaluation required to be completed by all members by the ABO. Ms. Stowe reported these could be mailed to the Law Department and then they would be tabulated and reported on in the March 2012 meeting.

#### **Schedule of dates for the 2012 Authority Meetings**

Director Walsh noted the meeting dates for 2012. Chairman Vazzana reported a governance committee meeting would be held on January 18, 2012 as well. Member Lightfoot asked for a copy of the committee meetings schedules as well. Member Iacovangelo reported he would not be able to attend the May 16, 2012 meeting.

#### **Other Business**

Chairman Vazzana accepted the resignation of Member Juskiw effective November 11, 2011. Director Walsh reported Thomas Flynn has been appointed to fill the vacancy. Member Keith asked if there has been any progress on having Southwest come to the airport. Director Walsh reported that it could be some time for that to happen as Southwest was evaluating all their locations.

Respectfully Submitted,

David VanVarick  
Secretary
